

Drive Service Program

PERFORMED BY KJ ELECTRIC TECHNICIANS
24/7 EMERGENCY SERVICE

Let our KJ Electric On-Site Service Team evaluate the condition of your Drives & Motors and perform the necessary maintenance to keep it in top operational condition. In turn helping to increase the life and your return on investment (ROI).

DRIVE SERVICE PROGRAM CONSISTS OF:

- **Predictive Maintenance (pdM):** to evaluate the current condition of the machinery to determine when maintenance is required.
- **Preventative Maintenance (PM):** is a time based maintenance function which relies on OEM recommendations or past history to routinely maintain machinery even if there are no known reasons.

Program Levels of Service Described on Back!
